

*Welcome
to the
Bisichenberg !*

Our beautiful house Bisichenberg was built in 1842 and served since 1900 as a guest house. Classic as a farm with livestock and hosting, the establishment of Bisichenberg changed later to the Guest House.

At this time, traveling to the Bisichenberg was a bit chic, modern and almost glamorous, because there was one of the first phones in Sasbachwalden 1920.

History is changeable and the Bisichenberg remained always the traditional excursion destination with views over the beautiful Rhine Valley.

In December 2008, Bisichenberg guest house burned down and was sold. We, the family Petermann, have taken over the Bisichenberg, rebuilt it and the season could start in summer 2009. In the following years our house was completely renovated and extended.

The Bisichenberg is a place that invites us to implement new ideas and every day to make it a bit better and comfortable, just more beautiful. For us and for you - our guests.

We are pleased that you are here!

Yours family Petermann and team.
